TELEGRAPHS.

The 29th November 1913.

No. 10054-87.—In exercise of the powers conferred by section 7 of the Indian Telegraph Act, 1885 (XIII of 1885), and in supersession of the Notification No. 7571-163 dated the 8th October 1909, as subsequently amended, the Governor General in Council is pleased to issue the following revised rules and orders governing the exchange by radio-telegraph of public correspondence between stations on the coast of India and ships at sea.

Duration of Service.

1. The service at coast stations in India will be according to the hours notified for such stations in the *Indian Telegraph Guide*. Those coast stations at which the service is of limited duration must not close before they have transmitted all their radio-telegrams to such ships as are within their range of transmission and have received from these ships all the radio-telegrams of which notice has been given. This applies also when ships notify their presence before work has actually ceased.

Form and Acceptance of Telegrams.

2. The form and acceptance of telegrams will be in accordance with the rules for Foreign telegrams as given in the rules published in Notification No. 6975-137, dated the 16th of September 1909 (reproduced as Section III of the *Indian Telegraph Guide*).

Special rules for Radio-telegrams to ships.

3. The sender is in every case responsible for the sufficiency and accuracy of the address of his radio-telegram.

The address of radio-telegrams intended for ships should be drawn up as follows :—

- (1) Name or description of addressee, with supplementary particulars if necessary.
- (2) Name of the ship as in the first column of the Official List of Wireless Telegraph Stations; and, if intended to be transmitted through a coast station.
- (3) Name of the coast station as it appears in the Official List of Wireless Telegraph Stations.

If desired, the name of the ship may, at the risk of the sender, be replaced by the particulars of its voyage.

In the case of radio-telegrams accepted on board ship for places on land, it is the duty of the operator to see that the office of destination is written as shown in the first column of the International List of Telegraph Offices.

The name and permanent address of the sender should be written on the form for purposes of record.

Preamble.

4. The preamble of every radio-telegram should begin with the word "Radio".

5. On transmitting a radio-telegram from a ship over the ordinary telegraph system the coast station inserts for office of origin the name of the ship of origin as it appears in the Official List, and also, when the case arises, the name of the last ship which acted as intermediary, should any retransmission have occurred, and the name of the coast station. The code time (i. e., the time of receipt of the radio-telegram at the coast station), should also be inserted, and this, together with the service instructions, the date and time of handing in, and the number of words signalled by the ship should be transmitted.

Charge for Radio-telegram.

6. The charge for a radio-telegram must in every case be prepaid by the sender. For a radio-telegram exchanged between a ship and a telegraph office on land the charge comprises:—

- (a) the ship-station charge;
- (b) the coast-station charge;
- (c) the charge for ordinary telegraph transmission;
- (d) the special charges, if any;
- (e) the charge for re-transmission, if any, one ship-station charge for each retransmitting ship.

In the case of a radio-telegram exchanged between two ships the charge consists of:—

*(i) *via* coast-stations.*

- (a) the ship-station charge of the ship of origin;
- (b) one coast-station charge for each coast-station;
- (c) the ship-station charge for the ship of destination;
- (d) the charge for ordinary telegraph transmission, if any;
- (e) the special charges, if any;
- (f) charge for retransmission, if any, one ship-station charge for each retransmitting ship.

NOTE.—In cases where one coast-station only is employed in the transmission and the rates applicable to communications exchanged with the ships concerned are different, the higher coast-station charge must be applied.

*(ii) Not *via* coast-stations.*

The same charges as above will apply except (b) and (d).

The coast-station charge and the ship-station charge can be ascertained from the Official List of Stations published by the International Bureau at Berne. The Indian coast-station charge is 3½ annas a word.

Radio-telegrams for Delivery by Post from a Port of call of the ship to which they are transmitted.

7. Radio-telegrams may be accepted for a ship with the object of being forwarded by post from a port of call. Re-transmission by radio-telegraphy is not permitted in such cases.

The address must be drawn up as follows:—

- (a) The paid instruction "Poste," followed by the name of the port where the radio-telegram is to be posted.
- (b) Name and address of the addressee.
- (c) Name of the ship-station which is to carry out the posting.
- (d) Name of the coast-station in communication with the ship, unless the message is exchanged directly between two ships.

Example:—

"=Poste Buenosaires=Smith 14 Calle Prat Valparaiso Avon Lizard."

A charge of 2½d. for postage should be collected in addition to the radio-telegraph charge.

A radio-telegram of this nature received on board a ship must be posted as a paid letter at the port indicated, and particulars of posting noted on the duplicate form, which must be prepared and disposed of in the same way as those relating to radio-telegrams delivered on a ship.

Classes of telegrams not admitted in the Radio-telegraphic Service.

8. Certain special classes of telegrams, which are admitted in the international telegraph service, cannot be accepted in the radio-telegraphic service. They are as follows:—

- (a) Telegraphic money orders.

- (b) Telegrams "to follow the addressee."
- (c) Paid service telegrams asking for repetition or information, except as regards transmission over the ordinary telegraph system.
- (d) Urgent telegrams, except as regards transmission over the telegraph system of Administrations which accept such telegrams.
- (e) Telegrams at deferred rates.

Priority of Messages.

9. In the transmission of radio-telegrams priority must be assigned first of all to messages of distress and then according to the order given in Rule 155 of the rules published in Notification No. 6975-137, dated the 16th of September 1909. (Reproduced as Section III of the *Indian Telegraph Guide*), viz.:

- (a) State (or Government) telegrams.
- (b) Service telegrams.
- (c) Private telegrams.

Undelivered Radio-telegrams from ships.

10. When a radio-telegram from a ship at sea cannot be delivered to the addressee on land, the coast-station should be informed by the office of destination. The operator must then compare the address on the original form with that given in the advice of non-delivery and send a correcting service message if any discrepancy appears. In the absence of any discrepancy, the information must be transmitted, if possible, to the ship of origin, if necessary, by way of another coast-station of the same country or of a neighbouring country, or another ship-station. The ship-station operator must, in his turn, compare the address on the notice with that on the form handed in by the sender, and, if possible, correct any error by means of a service advice, transmitted by way of the original coast-station, another coast-station of the same or a neighbouring country, or another ship-station. Should no error be disclosed, the sender should be informed of the non-delivery of his message and the reason assigned for it. A sender desiring to alter or add to an address can only do so by means of a paid service advice.

Undelivered Radio-telegrams addressed to ships.

11. When a radio-telegram reaching a ship at sea cannot be delivered, the office or ship-station of origin must be informed by service advice. In the case of radio-telegrams received through coast-stations this information should be sent, if possible, through the coast-station concerned; but, if circumstances require, it may be sent through another coast-station of the same country, or of a neighbouring country, or through another ship-station.

The sender of a radio-telegram to a ship may indicate the maximum period for which he desires the message to be kept at the coast-station. If the ship does not communicate with the coast-station within that period it will be the duty of the operator at that station to send a service advice to the office of origin accordingly.

If the sender does not specify any period, the office of origin should be informed by service advice on the morning of the 5th day after the despatch of the radio-telegram that it has not been possible to deliver the message to the ship of destination. The sender, who will be informed by the office of origin, may then, if he chooses, request, by means of a paid service advice to the coast-station (the prepayment being at the rate for a message to the coast-station, without payment of the wireless rate either for the coast-station or for the ship) that the radio-telegram may be retained for a further period of 9 days, and so on. If no such request is received, the radio-telegram should be treated as undeliverable at the end of the 9th day, not including the day of handing in.

However, if the coast-station knows that the ship has passed beyond its range of transmission before the radio-telegram could be transmitted to it, the office of origin should be informed accordingly by service advice without delay. The sender may, by paid service advice, request the coast-station to transmit the radio-telegram when the ship next passes.

Distress Signal.

12. As soon as a station perceives the distress signal, it must suspend all correspondence and must not resume work until it has made sure that the communication consequent on the call for assistance has been completed.

Procedure when signals become doubtful.

13. When signals become doubtful, it is important that recourse should be had to all possible means for effecting transmission. For this purpose, the radio-telegram is repeated, at the request of the receiving station, but not more than three times. If in spite of this triple transmission, the signals are still unreadable the radio-telegram is cancelled. If an acknowledgment of receipt is not received, the transmitting station again calls the receiving station.

If no reply is made after three calls, transmission is not continued. In such case, the sending station shall have the right to obtain the acknowledgment of receipt through the medium of another radio-telegraph station, using, when necessary, the lines of the telegraph system. If the receiving station, in spite of defective reception, thinks that the radio-telegram may be delivered, it inserts the Service Instruction "Reception doubtful" at the end of the preamble and sends on the radio-telegram. If the ship-station later on transmits the radio-telegram to another coast station of the same administration, the charges for a single transmission only can be claimed.

Message forms to be preserved.

14. The originals of radio-telegrams and the documents relating to them are kept for seven days only in Government telegraph offices, after which they are sent to the Assistant Accountant-General, Telegraph Check Office, Calcutta, where they are preserved for at least fifteen months, reckoned from the month following that of handing in.

Refunds.

15. Refunds will be governed by Rules 348 to 358 of the rules published in Notification No. 6075-137, dated the 16th September 1909, subject to the reservations given in Rule 6 of these rules.

No. 457-R P.

GOVERNMENT OF INDIA.

RAILWAY DEPARTMENT.

(RAILWAY BOARD)

Simla, the 14th November 1913.

Terms on which the Government of India are prepared to consider offers for the construction by the Agency of private companies of branch lines forming feeders either to State lines worked by the State or to railways worked by companies.

Resolution.—In supersession of all previous orders on the subject, the following information is published detailing the conditions on which the Government of India will be prepared to receive applications for the grant of financial assistance to companies formed to provide capital for the construction of such branch railways as Government may be prepared to entrust to companies. The terms offered have been made considerably more liberal in several respects.

2. No concession can be granted for the construction of a branch line until the line has been surveyed and detailed estimates of its cost and an adequate report on its traffic prospects have been prepared by an agency approved by the Government of India. When promoters are desirous that such a survey should be made an application should be submitted to the Railway Board in the form prescribed in memorandum B, attached.

3. The conditions on which concessions for the construction of branch lines will be granted are as follows :—

- (i) The prospectus of the company to be formed for the purpose of providing capital for the line must be submitted to, and approved by, the Government of India before issue. The capital of the company must be expressed in rupees, and subscription must be invited only in India. The amount of capital to be raised will be subject to the approval of the Government of India and the construction of the line will not be begun until the Government of India are satisfied that capital sufficient to meet the estimated expenditure has been subscribed.
- (ii) The railway shall be built according to plans and estimates approved by the Government of India, and must conform to the fixed and moving dimensions for the time being prescribed. The gauge of the line, the route followed, the situation of stations, and details of a similar character shall be subject to the approval of the Government.
- (iii) All land in British Territory which is, in the opinion of the Government of India required for the construction of the line, will be provided free of charge, including land permanently or temporarily required for quarrying ballast, for brickfields, and similar purposes.
- (iv) The results of existing surveys will be made available to persons applying for concessions under these rules. In cases where this is considered advisable by the Railway Board, fresh surveys will be made at the request of promoters inquiring into the probable prospects of any projected line on the understanding that no preferential claim to a concession for the construction of the line is thereby established. If permission be eventually given for the construction of

any line, the cost of all surveys, whether special surveys or surveys previously made at the cost of or with the approval of Government, shall be included in the capital cost of the railway. The Government of India expressly disclaim all responsibility for the accuracy of any survey, plan, estimate, or other information supplied by them.

(v) Electric telegraphs and telegraphic appliances will be supplied and maintained by the Government of India at the charges and on the conditions in force for the time being for similar services on State railways.

(vi) Railway materials for the construction of the branch line will be carried over railways owned and worked by the State at the special rates charged for similar materials belonging to State railways.

(vii) The Government of India will grant financial assistance to approved companies either in the shape of a guarantee of interest, or of a rebate to the branch line company from the net earnings of the main line from traffic interchanged with the branch. Assistance in the latter form can only be promised where the main line is worked by the State; but the Government of India will, in other cases, endeavour to arrange on behalf of the branch line company a similar agreement with the company working the parent line. A rebate and a guarantee of interest cannot be granted simultaneously in respect of the same branch line. In cases where the entire capital is raised by the issue of shares the following terms will apply:—

(a) *Guarantee of interest.*—The Government of India will be prepared to guarantee from the close of the period during which interest is payable out of capital interest at the rate of 3½ per cent. per annum on the approved paid-up share capital of the company to the end of the financial year in respect of which the dividend is declared, subject to the condition that all surplus profits which may be earned by the company after paying interest on the paid-up share capital at the rate of 5 per cent. shall be equally divided between the Government and the company. This guarantee, where given, will remain in force until the line is purchased by the Government. Any sums payable by the Government under the guarantee shall be payable in rupees.

(b) *Rebate.*—When the branch line connects with a railway owned and worked by the State, the Government of India will be prepared to allow the company in respect of and at the end of each financial year by way of rebate, such a sum, not exceeding in any year the net earnings (exclusive of earnings derived from the carriage of revenue stores) from traffic interchanged between such State railway and the branch line as shall, together with the net earnings of the branch line, make up an amount equal to interest at the rate of 5 per cent. per annum on the approved paid-up share capital of the company. This undertaking will be subject to the proviso that, when the net earnings of the Company, without the assistance of a rebate, suffice to pay interest at a rate exceeding 5 per cent. on the paid-up share capital, the surplus shall be divided equally between the Government and the company. The payment of rebate shall commence at the close of the period during which interest is payable from capital. Payments on account will, subject to subsequent adjustment, be permissible at the end of each half-year. For the purpose of calculating the rebate, the net earnings of the main line from traffic interchanged with the branch will be assumed to bear the same proportion to the gross earnings of the main line from such traffic as the net earnings of the whole main line system, including the branch, bear to the gross earnings of the whole system.

(viii) (a) If, in the case of a concession granted under either of the conditions of the foregoing paragraph, it be intended by the branch line company to construct and work the branch line itself, the amount to be spent each year on working expenses will be subject to the approval and sanction of the Government of India.

(b) In such cases the Government of India may from time to time appoint any one person to be a Director of the branch line company who shall be *ex-officio* a member of all committees appointed by the Board of Directors of the company or by the company in relation to the undertaking or any other matter connected therewith, and shall have power to exercise at his discretion an absolute veto in all proceedings of the Board of Directors and shall not be removable except by the Government of India and may act by a Deputy appointed by the Government of India.

(c) If a branch line company, which has been granted financial assistance under clause vii (a) above and permitted to work the railway by its own agency, be guilty of any breach of contract or of gross mismanagement, or if the working expenses of the railway exceed the gross earnings for six consecutive half-years, the Government of India may at any time, after giving six months' notice, assume the working of the railway by State or any other agency. If the

working of the line is so assumed, the terms of working will be fixed by Government.

- (iv) Where the main line is a railway owned and worked by the State, the main line administration will, if it is so desired, work the branch line for a percentage of the gross earnings of the branch. When the branch and main line are of the same gauge this percentage will usually be that obtaining on the whole system, including the branch, from time to time, but will not in any case exceed 50 per cent. of the gross earnings of the branch from all sources, and will include all charges on account of the use of the main line rolling stock subject to the condition that the company shall, if and when required to do so during the continuance of the working contract, bear the capital portion of the cost as stated by Government of strengthening the permanent way and bridges of the branch line to enable the rolling stock for the time being of the working railway to be used on it without restriction. Where the gauges are not the same, special working terms will be fixed in each case. When the main line is not worked by State agency, the Government of India, if desired to do so by the branch line company, will endeavour to negotiate similar terms for working with the main line administration.
- (v) No capital expenditure by the branch line company shall be recognised, as between the Government of India and the company, unless the prior sanction of the Government of India to that expenditure has been obtained. The company shall have no power to increase its share or stock capital without the sanction of the Government of India or the Secretary of State, or to borrow money, otherwise than for purely temporary purposes, except on conditions to be specified by these authorities.
- (vi) Any unexpended capital which the company may have shall be invested or deposited at interest in a manner to be approved by the Government of India and in the name of the company, not in that of the Managing Agents, and the return therefrom shall be treated as net earnings of the railway.
- (vii) The branch line company, if so required, shall keep accounts in forms approved by the Government of India, and they shall supply, free of charge, all accounts required by the Government. The accounts will be subject to audit by officers appointed by the Government.
- (viii) Funds for the execution of new works chargeable to capital, which may be found to be necessary for the safety, economy, or efficiency of working after the branch railway has been open to public traffic, shall be provided by the branch line company. Such works, and their cost shall, when the branch railway is worked by the main line administration, be agreed upon between the branch line company and the main line administration before they are undertaken; in the event of any difference of opinion as to the necessity for, or the cost of, any such work, the matter shall be referred to the Railway Board, whose decision shall be final.
- In the event of the branch line company failing to provide, after six months' notice, any additional capital for work required under this condition or conditions (ii) and (ix) above, the Government of India shall be at liberty to supply the necessary funds, and to carry out the work, and shall be entitled to receive from the sums payable to the branch line company, by way of net earnings or rebate, interest at 5 per cent. (or any lower rate that it may in special cases agree to accept) on funds so applied.
- (ix) Subject to the law for the time being in force, payment out of capital will be sanctioned; during a period which may extend to the close of the half-year in which the railway shall have been opened throughout for public traffic, of such sums as, with the interim net earnings, shall be required to pay interest at a rate to be agreed upon on the paid-up capital of the company.
- (x) Such expenses on account of administration of the branch line company as the Government of India may sanction may be charged during construction to the capital account of the company, and with effect from the date on which the line is opened for traffic throughout will be charged as follows:—
- (a) if the branch line company works its own line, as part of the working expenses of the line;
 - (b) if the company's line is worked by the main line administration,
 - (1) when the net earnings do not suffice to pay interest at 5 per cent. (or suffice to pay only 5 per cent.) on the paid-up share capital of the company, as part of the working expenses to be met out of the stipulated percentage of the earnings of the branch taken by the working agency;
 - (2) when the net earnings exceed 5 per cent. on the paid-up share capital of the company, as a first charge on surplus profits before division; provided that, if the surplus profits are insufficient to meet the administration

charges, the balance will be paid by the working agency out of the stipulated percentage of the earnings of the branch taken by it.

- (xvi) The rates and arrangements in force on State railways as regards services rendered to other departments of State shall apply to the branch line. The branch line company shall also be liable when called on to provide, at such stations as may be ordered by Government, buildings for post office and quarters for post office staff at a charge not exceeding 7½ per cent. per annum on the capital cost of the said buildings and quarters.
- (xvii) The Government of India reserve the right to fix and vary from time to time the classification of goods for tariff purposes, and the maximum and minimum rates for each class of goods and for passengers. They also reserve a general right of control in respect of the number and timing of trains.
- (xviii) During the first year after opening of the branch line, or part thereof, the expenditure incurred on the maintenance of the line may be charged to capital.
- (xix) Notwithstanding anything in the preceding clauses, expenditure due to extraordinary accidents and casualties, or to defects and their consequences in the construction of the line or in any part thereof, shall be met by the branch line company, in addition to the percentage of earnings payable to the main line as working expenses, and shall be charged against the branch line net earnings, or against capital, according to circumstances, in accordance with the general usage on Indian railways.
- (xx) All agreements for lines constructed under these terms shall include a special purchase clause permitting the Government of India to purchase the lines at any time, after giving one year's notice, in the following cases:
- (1) When the Government of India consider it desirable that the gauge of the branch line should be altered.
 - (2) When it is desired to convert the branch line into a line of through communication.
 - (3) When the Government of India desire to extend the branch line (without altering the gauge or making the line part of a through route), and the branch line company is unable or unwilling to supply the necessary capital for such extension.
- In the event of a line being purchased under this clause, the price payable shall be 25 times the average net earnings (excluding payments on account of guarantee or rebate) during the three years preceding the purchase, or 115 per cent. of the capital expenditure on the line, whichever may be the greater. All payments shall be made on a rupee basis.
- (xxi) The agreements shall also include an ordinary purchase clause permitting the Government of India to purchase the lines at the expiry of 30 years from the date on which the railway was declared open for traffic or at subsequent intervals of 10 years, subject to the condition that at least one year's previous notice of the intention to purchase has been given. The price payable on purchase under this clause shall be 25 times the average net annual earnings (excluding payments on account of guarantee or rebate) during the three years preceding the purchase, subject to a maximum of 120 per cent. and a minimum of 100 per cent. of the capital expenditure on the line at the time of purchase. All payments shall be made on a rupee basis.

4. Applications for concessions under these orders should be submitted in the forms prescribed by Memorandum A attached to this Resolution. Copies of the forms may be obtained on application to the Secretary to the Railway Board. Requests from promoters for information as regards existing surveys, or for new surveys—*vide* paragraph 3 (iv)—should be addressed to the Secretary to the Railway Board. Applications for new surveys should contain the information required by Memorandum B hereto attached.

Enclosure No. I. Memorandum A for the guidance of persons or syndicates desirous of submitting proposals for the construction of branch or feeder railways, with Form A and Appendix A.

Enclosure No. II.—Memorandum B, for the guidance of persons or syndicates desirous of having surveys made for branch or feeder lines of railway by the Railway Board.

Enclosure No. 1 (with Form A and Appendix A) to Government of India Resolution No. 457 R. P. of 1913.

MEMORANDUM A

For the guidance of persons or syndicates desirous of submitting proposals for the construction of branch railways in India forming feeders either to State lines worked by State or to railways worked by companies.

1. All applications for leave to construct a branch or feeder railway in any part of British India are to be addressed to the Secretary to the Railway Board.
2. All such applications shall be printed, and shall be drawn up, as far as may be in Form A attached hereto, and shall specify—
 - (a) the company, person, or syndicate by whom the application is preferred; the proposed amount of capital, the number of shares and the amount of each share;
 - (b) all the termini, together with the names of all the principal towns from, through, into, or near which the railway is intended to be constructed, as well as the names of each civil division and district to be traversed by the proposed alignment;
 - (c) the length, so far as known, of the proposed railway;
 - (d) the gauge, the weight of rails, etc.
 - (e) motive power to be employed;
 - (f) the maximum tolls, rates, and fares proposed to be charged on the projected railway;
 - (g) the proposals for working the railway when constructed; and if any agreement is under contemplation, or has been provisionally arranged with any existing Railway Administration under which the proposed line, when constructed, is to be leased out for working by such Railway Administration, the exact nature and terms of such agreement;
 - (h) the charges proposed by the applicants for floating the branch company;
 - (i) the charges proposed on account of the general administration of the branch company's affairs;
 - (j) any further information that may be required to enable Government to thoroughly understand the scope of the proposals.
3. Every such application shall be accompanied by a map to a scale of one mile to one inch, with the line of the proposed railway delineated thereon, so as to show its general course and direction, and also by an estimate as correct as may be of the works proposed to be authorised.
4. When the applicants draw up their own detailed plans and estimates, these documents are invariably to be prepared in strict accordance with the Rules for the preparation of railway projects issued under the authority of the Government of India, of which copies may be obtained on payment from the Superintendent of Government Printing, Calcutta.
5. If Government are prepared to entertain an application put forward in respect of a line that has already been surveyed, permission will be accorded on application to the Secretary to the Railway Board to inspect, at all reasonable hours, the detailed plans, sections, and estimates.

at the disposal of Government; and copies of such plans, sections and estimates will be furnished on payment of the cost of copying.

6. But in regard to all such information, statistics, plans, sections, or estimates, which may be furnished, it is to be recognised that the information thus offered to any person interested in the matter, is simply the best information of the kind at the disposal of Government, and that Government cannot accept any responsibility whatever in regard to the accuracy of any of the documents.

Form A.

Delhi, the 11th December 1913.

No. 61-D.—The following treaty was concluded on the 26th November 1913 between the British Government and His Highness the Maharaja of Mysore :—

TREATY between the British Government and His Highness Maharaja Sri Krishnaraja Wadiyar Bahadur, the IV, G.C.S.I., Maharaja of Mysore, and his successors, executed on the one part by the Honourable Lieutenant-Colonel Sir Hugh Daly, K.C.I.B., G.S.I., in virtue of the full powers vested in him by the Governor-General of India in Council, and on the other part by His Highness Maharaja Sri Krishnaraja Wadiyar Bahadur aforesaid, in person, 1913.

WHEREAS the Rulers of the territories of Mysore have, since the restoration to them of the said territories in 1881, evinced their zeal and attachment to the Crown, and whereas the administration of the Mysore State has been conducted during the past thirty-two years to the satisfaction of the British Government, and whereas, in order to mark the high esteem in which His Highness the Maharaja is held by the British Government, the Governor-General of India in Council is desirous of making certain changes in the conditions laid down at the time of such restoration, the following Articles are hereby agreed upon :—

ARTICLE 1.

The Maharaja Sri Krishnaraja Wadiyar Bahadur and those who succeed him in manner hereinafter provided shall be entitled to hold possession of, and administer, the said territories perpetually, subject to the conditions hereinafter prescribed.

ARTICLE 2.

The succession to the administration of the said territories shall devolve upon the lineal descendants of the said Maharaja Sri Krishnaraja Wadiyar Bahadur, whether by blood or adoption, according to the rules and usages of his family, except in case of disqualification through manifest unfitness to rule :

Provided that no succession shall be valid until it has been recognised by the Governor-General in Council.

In the event of a failure of lineal descendants, by blood and adoption, of the said Maharaja Sri Krishnaraja Wadiyar Bahadur, it shall be within the discretion of the Governor-General in Council to select as a successor any member of any collateral branch of the family whom he thinks fit.

ARTICLE 3.

The Maharaja Sri Krishnaraja Wadiyar Bahadur and his successors (hereinafter called the Maharaja of Mysore) shall at all times remain faithful in allegiance and subordination to His Imperial Majesty the King Emperor of India, His Heirs, and Successors, and perform all the duties which in virtue of such allegiance and subordination may be demanded of them.

ARTICLE 4.

The British Government having undertaken to defend and protect the said territories against all external enemies, and to relieve the Maharaja of Mysore of the obligation to keep troops ready to serve with the British Army when required, there shall, in consideration of such undertaking, continue to be paid from the revenues of the said territories to the British Government an annual sum of Government Rupees thirty-five lakhs in two half-yearly instalments.

ARTICLE 5.

The British sovereignty in the island of Seringapatam having ceased and determined, the said island shall continue part of the said territories and be held by the Maharaja upon the same conditions as those subject to which he holds the rest of the said territories.

ARTICLE 6.

The Maharaja of Mysore shall not, without the previous assent of the Governor-General in Council, build any new fortresses or strongholds, or repair for military purposes the defences of any existing fortresses or strongholds in the said territories.

ARTICLE 7.

The Maharaja of Mysore shall not, without the permission of the Governor-General in Council, import, or permit to be imported, into the said territories, arms, ammunition or military stores, and shall prohibit the manufacture of arms, ammunition and military stores throughout the said territories, or at any specified place therein, whenever required by the Governor-General in Council to do so.

ARTICLE 8.

The Maharaja of Mysore shall not object to the maintenance or establishment of British cantonments in the said territories whenever and wherever the Governor-General in Council may consider such cantonments necessary. He shall grant free of all charge such land as may be required for such cantonments, and shall renounce all jurisdiction within the lands so granted. He shall carry out in the lands adjoining British cantonments in the said territories such sanitary measures as the Governor-General in Council may declare to be necessary. He shall give every facility for the provision of supplies and articles required for the troops in such cantonments, and on goods imported or purchased for that purpose no duties or taxes of any kind shall be levied without the assent of the British Government.

ARTICLE 9.

The military force employed in the Mysore State for the maintenance of internal order and the Maharaja's personal dignity, and for any other purposes approved by the Governor-General in Council, shall not exceed the strength which the Governor-General in Council may, from time to time, fix. The directions of the Governor-General in Council in respect to the enlistment, organisation, equipment and drill of troops shall at all times be complied with.

ARTICLE 10.

The Maharaja of Mysore shall abstain from interference in the affairs of any other State or Power, and shall have no communication or correspondence with any other State or Power, or the Agents or Officers of any other State or Power, except with the previous sanction and through the medium of the Governor-General in Council.

ARTICLE 11.

The Maharaja of Mysore shall not employ in his service any person not a native of India without the previous assent of the Governor-General in Council, and shall, on being so required by the Governor-General in Council, dismiss from his service any person so employed.

ARTICLE 12.

The coins of the Government of India shall be a legal tender in the said territories in the cases in which payment made in such coins would, under the law for the time being in force, be a legal tender in British India; and all laws and rules for the time being applicable to coins current in British India shall apply to coins current in the said territories. The separate coinage of the Mysore State, which has long been discontinued, shall not be revived.

ARTICLE 13.

The Maharaja of Mysore shall grant free of all charge such land as may be required for the construction and working of lines of telegraph in the said territories wherever the Governor-General in Council may require such land, and shall do his utmost to facilitate the construction and working of such lines. All lines of telegraph in the said territories, whether constructed and maintained at the expense of the British Government, or out of the revenues of the said territories, shall form part of the British telegraph system and shall, save in cases to be specially excepted, by agreement between the British Government and the Maharaja of Mysore, be worked by the British Telegraph Department; and all laws and rules for the time being in force in British India in respect to telegraphs shall apply to such lines of telegraph when so worked.

ARTICLE 14.

If the British Government at any time desires to construct or work, by itself or otherwise, a railway in the said territories, the Maharaja of Mysore shall grant such lands as may be required for that purpose, and shall transfer to the Governor-General in Council plenary jurisdiction within such land; and no duty or tax whatever shall be levied on through traffic carried by such railway which may not break bulk in the said territories.

ARTICLE 15.

The Maharaja of Mysore shall cause to be arrested and surrendered to the proper officers of the British Government any person within the said territories accused of having committed an offence in British India, for whose arrest and surrender a demand may be made by the British Resident in Mysore, or some other officer authorised by him in this behalf; and he shall afford every assistance for the trial of such persons by causing the attendance of witnesses required, and by such other means as may be necessary.

ARTICLE 16.

Plenary criminal jurisdiction over European British subjects in the said territories shall continue to be vested in the Governor-General in Council, and the Maharaja of Mysore shall exercise only such jurisdiction, in respect to European British subjects as may from time to time be delegated to him by the Governor-General in Council.

ARTICLE 17.

The Maharaja of Mysore shall comply with the wishes of the Governor-General in Council in the matter of prohibiting or limiting the manufacture of salt and opium, and the cultivation of poppy, in Mysore; also in the matter of giving effect to all such regulations as may be considered proper in respect to the export and import of salt, opium and poppy-heads.

ARTICLE 18.

All laws and rules having the force of law, which existed at the time of the restoration of the said territories in 1881 and are shewn in the schedule hereto annexed, shall, in so far as they are in force at the date of this Treaty, be maintained and efficiently administered, and, except with the previous consent of the Governor-General in Council, the Maharaja of Mysore shall not repeal or modify such laws, or pass any laws or rules inconsistent therewith.

ARTICLE 19.

No material change in the system of administration now in force shall be made without the consent of the Governor-General in Council.

ARTICLE 20.

All title-deeds granted and all settlements of land-revenue made during the administration of the said territories by the British Government, and in force at the time of the rendition of the said territories, shall be maintained in accordance with the respective terms thereof, except in so far as they may be rescinded or modified either by a competent court of law, or with the consent of the Governor-General in Council.

ARTICLE 21.

While disclaiming any desire to interfere with the freedom of the Maharaja of Mysore in the internal administration of his State in matters not expressly provided for herein, the Governor-General in Council reserves to himself the power of exercising intervention, in case of necessity, by virtue of the general supremacy and paramount authority vested in him, and also the power of taking such precautionary or remedial action as circumstances may at any time appear to render necessary to provide adequately for the good government of the people of Mysore or for the security of British rights and interests within that State.

ARTICLE 22.

This Treaty shall supersede all other documents by which the position of the British Government with reference to the said territories has been formally recorded. And if any

question arise as to whether any of the above conditions has been faithfully performed, or as to whether any person is entitled to succeed, or is fit to succeed, to the administration of the said territories, the decision thereon of the Governor-General in Council shall be final.

Signed, sealed and exchanged at Mysore on the twenty-sixth day of November in the year one thousand nine hundred and thirteen of the Christian era.

EXAMINATIONS.

Delhi, the 24th December 1913.

No. 114.—In supersession of the Home Department Notification no. 336, dated the 23rd July 1909, the following revised Regulations under which a limited number of members of the Indian Civil Service, and officers of the Indian Army in civil or political employ (whether temporarily or permanently), will be permitted to present themselves for examination in the Russian language while on furlough are, with the approval of His Majesty's Secretary of State for India, published for information :—

1. The Civil Service Commissioners will hold examinations (Final and Preliminary) in London four times a year, commencing on the third Tuesday in January and October, the second Tuesday in June, and on that Tuesday in April which first follows after the date on which Easter Sunday falls. The names of the candidates to be examined must reach the Civil Service Commissioners at least one month before the date fixed for the commencement of the examination. The Preliminary examinations conducted by the Civil Service Commissioners will be held in London only and at the same times as the Final examinations.

2. The syllabus of the examination is as follows :—

PART I.—ORAL.

	Marks.
1. Conversation	80
2. Reading short M. S. reports, notes, telegrams, etc., and dictating answers thereto	20
3. Knowledge of terms relating to administration and Government, including the titles of local officials and the terms of etiquette in dealing with them, also of terms used in travel, to be tested by direct questions, and by oral translation	20
TOTAL	100

PART II.—WRITTEN.

	Marks.
4. Translation into English from Russian of unseen passages	20
5. Translation from English into Russian of unseen passages	30
6. Dictation	10
7. Translation into English of official and private correspondence (manuscript)	10
8. Writing a private or official letter in Russian, a <i>précis</i> being given	20
9. Extempore translation. A passage in Russian of an ordinary everyday style will be read aloud to the candidate, who will write down his translation of it.	10
10. Extempore composition. An English passage of an ordinary everyday style will be read aloud to the candidate, who will write it down in Russian.	20
TOTAL	120

3. Officers who obtain 8 of the aggregate marks will be noted in their records of service as "1st class Interpreters" in Russian, and those who obtain 6 will be noted as "2nd class Interpreters."

4. Applications for permission to appear at these examinations must be made to the Government of India in the Department of Education at least three months before the dates of the examinations mentioned in rule 1—(a) in the case of an officer directly under the Government of India, through the Department in which he is serving; and (b) by an officer under a local Government or Administration, through the local Government or Administration to which he is subordinate. Applications must not be made to the India Office in London.

5. Such permission will be granted only to those members of the Indian Civil Service and officers of the Indian Army in civil or political employ who seem likely to be employed, before their active service comes to an end, in situations where a knowledge of Russian may be of advantage to the State, and to no one who will not be able to attend the preliminary examination, and also the final one, should he proceed to Russia for a course of study, and to return to duty in India, without exceeding the amount of leave which he may have to his credit or which may be admissible to him if subject to the Leave Rules for the Indian Army. The Government of India reserve to themselves full discretion to grant or withhold permission in any case.

6. Any officer, of not less than three and not more than twelve years' service, who proves his possession of a sufficient elementary knowledge of Russian by obtaining not less than 6 of the total marks at one of the preliminary examinations held by the Civil Service Commissioners, or passes one of the preliminary examinations in Russian held in India, will be permitted to proceed from England to Russia for a further course of study of the Russian language.

Note.—The syllabus of the preliminary examination is given in rule 19.

7. After passing the preliminary examination, and receiving permission to proceed to Russia, he must start from England within a fortnight from the date of the India Office letter conveying such permission unless specially authorised to defer his departure. He must on no account start for Russia until he has received a letter of instructions on the subject from the India Office. No officer on leave on medical certificate will be permitted to proceed to Russia under these rules unless reported fit to do so by the India Office Medical Board.

8. On starting for Russia he may be granted an advance of pay not exceeding 35 days' furlough pay and also not exceeding £100. Such advance will only be granted to an officer who draws his furlough pay from the India Office, and will be recovered in instalments spread over eight months after his arrival in Russia.

9. On his arrival in Russia, he shall report to the India Office his address and the date of his crossing the Russian frontier. Any subsequent change of his address shall likewise be reported.

10. Every officer permitted to go to Russia under these regulations is required to spend ten months in that country and to present himself for final examination at the first examination held after the end of these ten months.

11. Two months before his final examination, he shall notify to the India Office the address in England to which his order for examination should be sent by the Civil Service Commissioners.

12. On his return to England he shall report to the India Office in writing his arrival and the date of his crossing the Russian frontier on his return. If he left India on medical certificate, he shall apply for permission to appear before the Medical Board at the India Office. He shall not leave Russia, either temporarily or permanently, earlier than fourteen days before the final examination, without obtaining leave of absence for a definite period from the Under Secretary of State for India.

13. If he succeeds at the final examination in qualifying to be a 1st class Interpreter in the Russian language, he shall receive a gratuity of £80 and if he qualifies as a 2nd class Interpreter under the same conditions he shall receive a gratuity of £40. He will also be granted travelling expenses* from London to and from St. Petersburg or Moscow, as the case may be. The gratuities shall be paid only in cases where there has been the full term of residence in Russia for the purposes of study. He will also be granted a free passage from England to India unless granted leave on private affairs before returning to India (see paragraph 15) and will be treated with retrospective effect † as an entitled passenger to England or to Russia when first proceeding there. No grant on account of travelling expenses shall be made to an officer who fails to qualify to be an Interpreter, but he may earn the gratuity, travelling allowance, and passages (or payments in lieu) if he succeeds at any subsequent examination in qualifying to be an Interpreter, provided he has not more than 12 years' service at the time of re-examination.

14. An officer may re-qualify as a 1st class Interpreter after an interval of five years by passing the oral part of the examination together with an *extempore* translation from and into the language. The grant for re-qualification as a first class Interpreter will be one quarter of the grant for the original qualification. ‡

15. Whether successful or not at the final examination, he shall rejoin in India within two months from the date on which it began, unless his leave or furlough extends beyond that period. If, however, his leave has been granted under medical certificate, it will be necessary for him as usual to obtain a certificate that he is in a fit state of health to return to his duty.

16. A member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules shall be entitled to count as Indian duty for promotion and pension, but not as service for furlough, the period of ten months spent in Russia. The whole time passed in the course of study and until the date of his return to duty in India will be treated as part of the furlough taken, and he will be entitled to the usual furlough pay.

17. A Military officer in civil employ, but subject to the Leave Rules for the Indian Army, shall be entitled to count as Indian duty for promotion and

* Free first class railway and steamer accommodation and a travelling allowance, while travelling by rail or by steamer when the messing is not included in the cost of the ticket, at the rate of 15s. per night and 3s. 6d. for the last day. When the messing is included in the cost of the sea passage, this allowance is not admissible, but 3s. 6d. is allowed for the journey to the port of embarkation if the distance exceeds 10 miles, and 6s. if the journey necessarily occupies over 10 hours.

† *i. e.*, (1) If he came to England from India at his own expense, he will receive, as passage allowance at the authorized rate in respect of his voyage to England, and will be provided with a passage to India by the India Office; or, if he took a return ticket on leaving India, he may claim the amount paid for it.

(2) If he came to England from India as a non-entitled passenger on a transport, he will receive a refund of his messing charges and an entitled passage to India.

(3) If he went from India direct to Russia, he will receive a single fare at the British India Steam Navigation Company's rate from the port of embarkation to Port Said and a sum of £30 or £32 in respect of his travelling expenses from that port to Moscow or St. Petersburg, as the case may be, travelling expenses from Moscow or St. Petersburg to London as in the above footnote and an entitled passage from England to India.

In any of the three cases he will be entitled to receive, after returning to India, his travelling expenses from his station to the port of embarkation before starting for England.

‡ *Note*.—The provisions of this rule do not apply to officers who qualified as interpreters under previous regulations.

pension the period spent in Russia, and to draw for such period the equivalent, at the privileged rate of exchange, of the Indian pay and allowances of his rank, and the half staff salary of his substantive appointment; provided that if the sterling amount be less than his leave pay under the Leave Rules for the Indian Army, then leave pay shall be allowed. He will be considered as on leave before arrival in Russia, and from the date of quitting Russia until he rejoins his appointment in India, under the conditions of Regulation 15. The period spent in Russia will not be considered as part of the two years' maximum absence from duty allowable under the Leave Rules for the Indian Army.

18. When an officer who has qualified as an interpreter in Russian under these or previous rules is on leave in England, he may, with the sanction of the Secretary of State for India on the recommendation of the Government of India, be permitted to proceed to Russia to keep up his knowledge of the language; and provided that he remains in Russia at least two months, he will, on his return to London, receive travelling expenses to and from St. Petersburg or Moscow, as the case may be (see paragraph 13), and, if desired, he will have his leave extended by two months without prejudice to the advantages accruing under the rules relating to combined leave, if on combined leave.

Applications for this privilege should be submitted through the usual channel to reach the Government of India in the Department of Education by 1st December. Officers who have been duly selected but who subsequently desire to cancel their applications, or find they are for any reason unable to proceed to Russia, will be required to notify the fact without delay.

19. The half-yearly preliminary examinations in India are held in January on the third Tuesday and in June on the second Tuesday; and the names of the officers who are recommended by the Government of India for permission to proceed direct from India to Russia will be communicated to the India Office as soon as the result of the examination is known. The names of the officers who are finally selected will be communicated by the India Office to the Government of India, who will give authority to each officer to take up his residence in Russia, to which country he should proceed about May or November so as to be on the same footing as the officers of his batch who proceed from England. If more than 18 months have elapsed since an officer passed the preliminary examination he will be required to undergo a fresh examination before receiving permission to proceed to Russia.

The syllabus of the preliminary examination is given below.

EMIGRATION.

The 26th December 1913.

RESOLUTION.

No. 252-268-C.—Intimation has been received from His Britannic Majesty's Consul at Havana that labour conditions in Cuba are not suitable for Indians and that those who go to that country in the expectation of being able to proceed to other countries in that quarter find themselves prevented from doing so, either by the prevailing immigration regulations or by the undesirable character of the country.

The Governor-General in Council accordingly requests all Local Governments and Administrations to make the above intimation as widely known as possible, particularly in places from which emigration to Cuba is believed to be most common. Intending emigrants should also be warned at the ports of embarkation of the risks they run in proceeding to Cuba.

Ordered that a copy of the above Resolution forwarded for information and guidance
